Hips	52	55	58	61							

This size chart is for measurement reference only; all styles are not necessarily available in all sizes. Refer to our website for the sizes that are available in a particular style in this collection.

## IMPORTANT INFORMATION ABOUT SIZE CHARTS AND CHOOSING THE CORRECT SIZE

- Please Note: This is a general size chart for all of the styles in this designer's collection, every style is NOT necessarily available in every size.
- 
- Please be advised that all styles fit differently based on the fabric and the actual style of the dress. (For example, if a style doesn't have a waist line, then the waist measurement of the dress will be bigger than on the size chart.)
- If a dress has an A-line shape, the hip measurements of the dress will be bigger than on the size chart.
- We will know if the style you are ordering fits differently from the measurements in this size chart.
